

Canada Horticulture Inbound Trade Mission to Mid-Atlantic Nursery Trade Show

Baltimore, Maryland
January 7, 2020

Canada was the number one overseas market for U.S. food and agricultural exports in 2017, with exports of more than \$16 billion. For new-to-market and new-to-export firms, Canada offers stable financial markets and a sophisticated logistics network that supports \$120 million worth of daily two-way trade in food and agricultural products. The U.S. and Canada maintain the world’s largest bilateral trade relationship. Total bilateral agricultural trade between the U.S. and Canada reached \$43 billion in 2017. Stable financial markets, sophisticated logistics networks, a well-developed food safety regulatory structure, and a broad market access secured under the pending U.S.-Mexico-Canada Agreement continue to make Canada a strong destination for U.S. new-to-market and new-to-export firms.
