

Thailand International Woodworking & Furniture Exhibition (TWIF) 2026

Bangkok, Thailand
September 16–18, 2026

*Setup day is September 15

Thailand is an increasingly important market for U.S. wood exporters due to its strong furniture manufacturing industry, expanding construction sector, and growing demand for high-quality imported wood products. As domestic wood supplies continue to tighten, Thai manufacturers rely heavily on imported species—particularly high-value hardwoods—for furniture, flooring, interior décor, and specialty applications. Thailand also serves as a regional hub for ASEAN markets, giving U.S. exporters access not only to Thai buyers but also to distributors and manufacturers from neighboring countries who attend major industry events like the Thailand International Woodworking & Furniture Exhibition (TWIF). This combination of market demand, manufacturing capacity, and regional connectivity makes Thailand a strategic and high-potential destination for U.S. wood product companies seeking to expand their export reach. The Thailand International Woodworking & Furniture Exhibition (TWIF) is one of Southeast Asia’s premier events for wood processing, furniture manufacturing, and high-quality lumber products.
