Request for Proposal
South Africa Value Added Initiative
1AF01

The Organization

The Southern United States Trade Association (SUSTA) is a 501c non-profit international trade development organization which combines federal, state and industry resources for export market development. SUSTA’s member states include Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, North Carolina, South Carolina, Tennessee, Texas, Virginia, West Virginia and the Commonwealth of Puerto Rico.

SUSTA cooperates with its member state Departments of Agriculture and the U.S. Department of Agriculture to carry out programs that will increase U.S. agricultural exports. SUSTA promotes U.S. agricultural products in over 30 countries by way of international trade exhibitions, trade missions, in store promotions, export seminars, and point-of-sale promotions. It also provides export assistance to small business to offset their export promotion costs.

Background

SUSTA’s funding is almost entirely derived from the federal Market Access Program (MAP) and Agriculture Trade Promotion (ATP), which is administered by the USDA’s Foreign Agriculture Service (FAS). The organization is tasked with promoting exports of high-value food and agricultural products of U.S. origin and the funds must be utilized according to federal regulations outlined by USDA.

SUSTA assists companies in promoting products internationally through two basic types of programs: The Market Access Program “Branded" program and the Market Access Program “Generic" program:

- SUSTA’s 50% CostShare (Branded) program assists individual companies to carry out their own marketing activities internationally by reimbursing them for 50% of eligible promotional expenses. Companies must be small according to the Small Business Administration (SBA) guidelines and their products must be of at least 50% U.S. agricultural origin. Products promoted have been as diverse as rice, seafood, alligator
hides, snack foods and hot sauce. Companies apply for funding on a fiscal year basis, with marketing and promotional activities taking place year-round.

- SUSTA’s Global Events (Generic) activities are industry-wide projects managed by SUSTA staff and it’s member State Departments of Agriculture. Activities typically include trade missions, trade shows, in store promotions, and trade seminars. Any company or cooperative with products of 50% or more U.S. agricultural origin are welcome to participate in SUSTA's Global Events.

Scope of Work

SUSTA is seeking an in-country consultant to help with marketing and promotional activities for the South Africa market. The consultant will work with assigned SUSTA Activity Managers.

The South Africa Value Added Initiative is a multi-faceted promotion to source high value added food products from the U.S. to South Africa. The initiative would utilize an in-country consultant to build trade relationships, determine what challenges the trade face in importing southern products, increase awareness and interest in the procurement of southern products by retail and restaurant trade. The in country consultant will assist in identifying key buyers from the South Africa region to meet with southern exporters. The time-frame for the contract will be determined by the dates identified to assist with planning and executing each of the projects for the market.

Specific responsibilities strategy for the initiative would include:

1. Structure of Initiative: The consulting firm would structure a cost effective, result oriented program that includes an Outbound Trade Mission to Johannesburg and Cape Town, South Africa and an Inbound Trade Mission to Americas Food & Beverage Show in Miami, Florida.

2. Implementation: The contractor would carry out the planned activities for the period and report on successful strategies and modify for unsuccessful strategies. The contractor would also follow-up with retailers, wholesalers and importers to report on sales and other measures of success. At the end of the period, a final report will be submitted to SUSTA and any state activity managers. This report will follow a format that SUSTA will provide.

3. One of the most important aspects of carrying out the program is the evaluation of the U.S. company participants. The consultant will be responsible for evaluating foreign buyers after each activity is carried out and assist with providing feedback for the 6 month follow-up evaluation following the activities.

4. In addition, it is important to give feedback to our constituents on the success of our promotions. The consultant will be responsible for success stories on the promotions due at the conclusion of each event.
Following each promotional event, a report should be completed for each project to include performance measured dictated by Foreign Agriculture Services (FAS). This report will follow a format that SUSTA will provide.

5. The consultant should work closely with FAS post to utilize their expertise and knowledge and include them in planned events for the market.

This program should not only promote southern region products, but also follow through with linking the appropriate U.S. supplier to the appropriate South African buyers. We have found that one of the biggest shortcomings of promotional activities is follow-up with the U.S. supplier and the buyers. Therefore, an important aspect of this initiative is ensuring that the connection is made between contacts from South African buyers and the U.S. suppliers.

**Activity Background:**

The trade mission promotions will specifically target Retail and Hotel Restaurant Industry (HRI) buyers in South Africa to generate interest in southern region products.

**Budget:**

Funding for this project is provided through the USDA Foreign Agriculture Service Agricultural Trade Promotions, and is subject to the appropriate regulations and policies.

**Sufficiency of Response**

Each proposal will be scored on the following measurements:

- Description of proposed activities and relevancy
- Measurable results of previous, similar programs managed by the respondent
- Approach to managing the activity
- Cost
- References (minimum of 3)

Proposals should be concisely written to respond to this RFP. Elaborate attachments are not necessary.

**Acceptance of Proposal**

The successful bidder’s proposal will be the basis of a contract executed with SUSTA to perform all services at the specified costs contained in the bidder’s proposal. SUSTA retains the right to negotiate with the successful bidder prior to final contract execution.
Subcontractors

If any service is to be performed by someone other than the contractor's permanent staff, all subcontractors and their addresses must be included in the proposal. These will be subject to approval by SUSTA.

Deadline for Proposal

All proposals from bidders must be submitted by the extended deadline of Friday, February 19, 2021 at 4:00 P.M. (CST). The planned commencement of the project will start upon written notification from SUSTA. Proposals may be emailed to Penney@susta.org or submitted to the following:

Penney Lawrence  
Global Events Director
